

Darlin'

Everything is circles  
Everything is round  
Everything starts and leaves  
And comes back around

Darlin' it's a shame that we're  
Fallin' through the cracks again  
Darlin' it's a curse  
It went just like we rehearsed

Everything has pressure  
Everything has sound  
Everything just pushes  
The air around

Darlin' it's just pain  
Even though I'll never be the same  
Darlin' it's alright  
I'll call an Uber for you

Everyone's a person  
Everyone's a crowd  
Everyone starts  
And leaves underground

Darlin' it's ok  
We'll live to fight another day  
Cuz it is plain  
We're all in on the darlin' game

Olly olly outs in free!
